Dear Parents and Guardians:

I am writing to inform you that final water testing has confirmed the District's lead remediation plan is complete. All outlets that tested above the state-required action level of 15 parts per billion have been completely removed or replaced with new fixtures.

A summary of the test results and completed remediation plan is included.

Additional information is available on the district website under the *Parent* section. Please do not hesitate to contact me with any questions or concerns.

Sincerely,

A handwritten signature in blue ink that reads "Thomas G. Jennings". The signature is written in a cursive style and is positioned to the left of a vertical line that separates it from the typed name below.
